## GREEN KEY

Clef Verte

#### • SAVE ENERGY

Think about switching the lights off, as well as turning off the heating when rooms are not in use.

#### • RESPECT NATURE

While going out for a walk, make sure not to leave waste behind your passage. You enjoyed finding the clean places, think about the persons following. Admire the fauna and flora, but leave them in their natural place.

#### • SAVE WATER

Each pitch has a water point. Be careful not to use more water than necessary.

## SAFETY INSTRUCTIONS IN CASE OF FIRE

## • FIRE PREVENTION

Respect «no smoking» signs.

Be very careful when using inflammable products.

Do not attempt to modify heating or lighting equipment or other electrical equipment.

Do not light open fires.

Use equipment at your disposal. Charcoal barbecues are strictly forbidden.

## • PRACTICAL HELP FOR FIRE SERVICE

Know and spot where exits are located and the way to get to them.

Be familiar with and respect fire extinguishers.

Do not obstruct access to them. Always keep exits clear.

Do not park on access tracks used by fire engines in event of fire.

Park your caravan with its front towards the direction of departure.

## • IN EVENT OF FIRE OUT BREAK

Above all keep calm.

Shut off gas and electricity at meter.

Try to extinguish fire with the nearest fire equipment.

Warn the management and Fire Service.

Lead your family to safety by using a route that you are familiar with.

If you hear the fire evacuate affected area.

## THE GREEN LANE

This former railway line **80 km long** was adapted for slow traffic whether you choose to ride or walk. This relatively flat path is ideal for little ones and grown-ups to stroll safely. All you have to do is cross the road and you will find **the entrance next to the bus stop.**

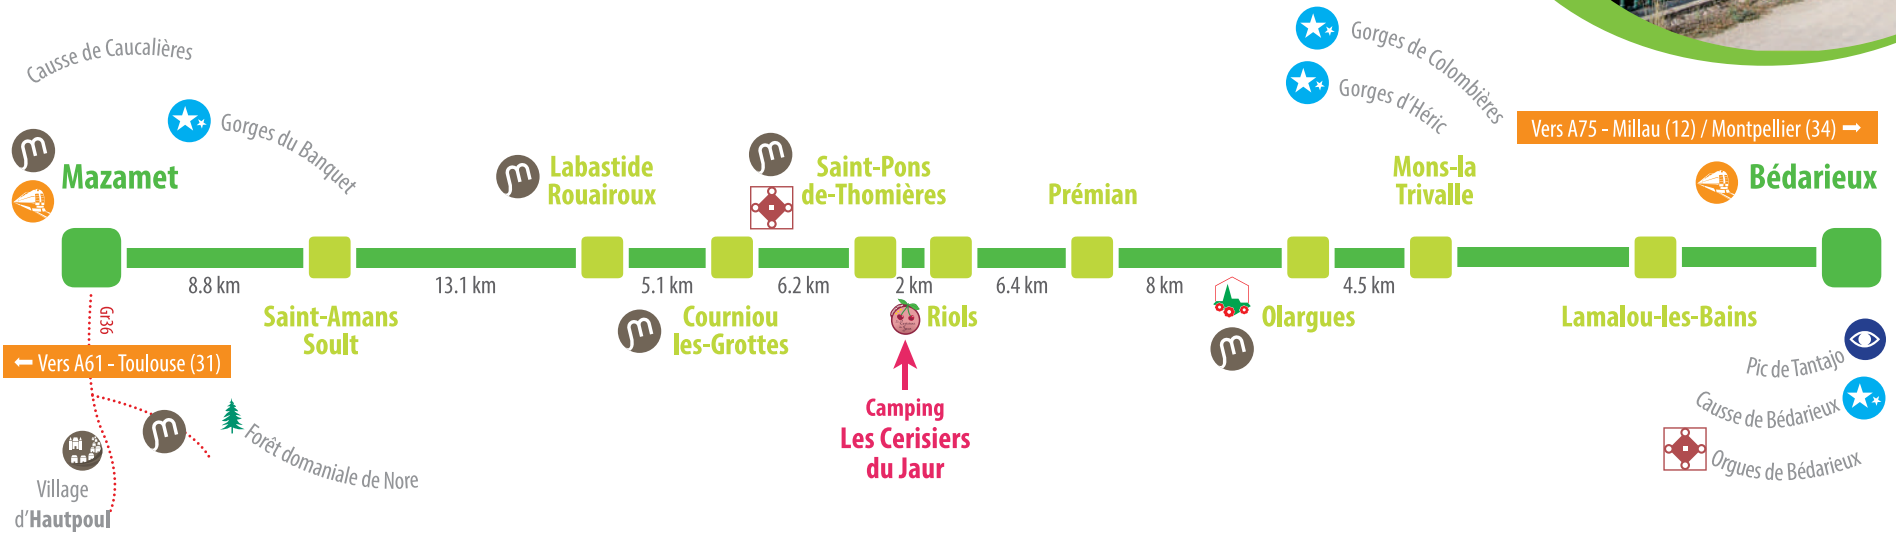

This pictogram indicates that the destination is accessible by cycling on the "Green Lane" from the campsite. You can find this information within a similar week's entertainment program (p.24 to 27).
